

BILSTEIN®

BMW.

BILSTEIN B4 Series.

The ideal choice for the driver looking to restore original performance and handling.

- OE matched design and valving
- OE quality construction for safety and durability
- DampTronic® available for vehicles equipped with factory electronic damping system
- TÜV Certified
- Direct fit
- Made in Germany

See video:

BILSTEIN B6 | B8 Series.

Featuring BILSTEIN's advanced inverted monotube technology, the B6/B8 damper series is the best stand-alone suspension upgrade for those seeking ultimate performance, comfort, and vehicle handling for any BMW.

- Monotube technology with performance valving
- B6 - designed for use with original equipment springs
- B8 - designed for use with after-market lowering springs
- DampTronic® available for vehicles equipped with factory electronic damping system
- TÜV Certified
- Direct fit
- Made in Germany

See video:

BILSTEIN B16 Series.

Offering ride-height and damping adjustability (9/10 stage manual or electronic) the B16 coilover kits provide fine tuning of BMW suspensions for ultimate handling performance.

- Monotube technology with performance valving
- B16 (PSS9/10) - features 9 or 10 stage manual damping adjustment
- DampTronic® available for vehicles equipped with factory electronic damping system
- Triple-C-Technology® coating
- TÜV Certified
- Direct fit
- Made in Germany

See video:

BILSTEIN CLUBSPORT®.

The BILSTEIN Clubsport® is our most advanced coilover kit featuring ride-height adjustability and an independent 2-way damping system derived from motorsports.

- Monotube technology with performance valving
- Independent rebound and compression adjustments enable
- 100 setting variations
- Monoball mounting plates for camber adjustment, where applicable
- Application specific tuned spring and damper
- Triple-C-Technology® coating
- TÜV Certified
- Direct fit
- Made in Germany
