				(Sedan) A5	B12(Sportline)	46-183804	16	45-50mm to axle load 1040kg	45-50mm to axle load 1005kg
			2.0TDI	(Sedan) A5	B12(Pro-Kit)	46-184313	16	30mm to axle load 1150kg	30mm to axle load 1010kg
				(Sedan) A5	B12(Sportline)	46-183811	16	45-50mm to axle load 1130kg	30-35mm to axle load 1005kg

Notes:

- 1 - Without electronic suspension control
- 2 - Without pneumatic suspension
- 3 - Without ride height control
- 4 - Original spring seat must be reused on the rear damper
- 5 - Without Magnetic Ride
- 6 - With or without electronic suspension, electronic suspension will no longer function
- 7 - If vehicle is equipped with electronic suspension purchase 50-174546
- 8 - Only with original strut spacer 31 32 1 139 423
- 9 - Manual transmission only

- 10 - Front coil spring inside diameter must be 106mm
- 11 - Front coil spring inside diameter must be 116mm
- 12 - 45mm outside strut diameter
- 13 - 51mm outside strut diameter
- 14 - Check spring pads
- 15 - Without ADS
- 16 - 55mm outside strut diameter
- 17 - Automatic transmission only

The shock absorber experts from BILSTEIN have teamed up with the spring experts from EIBACH, resulting in the best the two industry leaders have to offer: a monotube gas pressure suspension system that provides incredible driving pleasure and performance along with superior ride comfort - The **B12 Pro-Kit** and **B12 Sportline** suspensions systems.

Common features of the B12 Pro-Kit and B12 Sportline:

- BILSTEIN monotube gas pressure technology
- BILSTEIN inverted tube technology eliminates rod flex and provides unmatched lateral stability
- EIBACH application specific progressive rate performance springs

B12 PRO-KIT
For drivers wanting precision handling and superb driver comfort and satisfaction, while seeking out more curves to conquer.

- Professional Cornering System (PCS)
- Precise response, excellent performance and predictable control
- Lowering up to 40mm
- Provides for a lower, action-ready looking vehicle
- BILSTEIN damper and EIBACH Pro-Kit performance spring road-tested and fine-tuned to perfectly complement each other

B12 SPORTLINE
For drivers seeking aggressive handling and quick response, while experiencing ultimate ride quality and a passion for driving.

- Professional Cornering Sport System (PCSS)
- Quick response, superior performance and precise handling
- Lowering up to 50mm
- Gives vehicle a lower, more aggressive appearance
- BILSTEIN damper and EIBACH Sportline sport spring road-tested and fine-tuned for perfect compatibility and performance
