TRAILER/5TH WHEEL WITH DEXTER AXLES							
Multiple applications, Check manual for axle type or reference Col/EXT length			B6			24-064194	

16 - Axle requires four shock absorbers.

28 - Vehicles with GVW of 9000 lbs. or over, must use 24-014014 which is longer than 24-184632.

33 - Tag Axle requires two additional shock absorbers.

34 - Use regular chassis application on drive axle.

35 - Tag axles systems (rear position only), use OE application on drive axle.

Shocks are listed for standard chassis as supplies by manufacturer. Some motorhomes utilize tag axles or modified rear suspensions which may preclude use of shocks listed.
