

Trust **NEW** BILSTEIN Air Suspension

Don't Sacrifice Quality, **Safety** or Performance!

B4 Air Suspension

Product Benefits:

- BILSTEIN's **NEW** after-market Airsprings and Shock Absorbers are built and tested to OE Quality Standards
- Direct fit original equipment
- Maintains the active factory system to ensure predictable handling, safe stopping distances, and original ride comfort
- Made in Germany and USA
- Easy installation with BILSTEIN service and support

Unsurpassed Quality and Technology

BILSTEIN engineers have worked closely with Mercedes-Benz to develop a world-class active air suspension system. These complex air suspension systems have active shock absorbers adjusting ride height and valving to ensure your safety and an excellent ride. From the top-of-the-line S-Class to the popular ML/GL applications - BILSTEIN and Mercedes have collaborated to bring you the ultimate in suspension technology.

If Mercedes-Benz chose BILSTEIN, shouldn't you?
