- Initial tests produced 3-tenths faster runs on new BILSTEIN Drag Shocks
- BILSTEIN's famous monotube gas pressure construction
- Gas pressure "pre-load" increases launch control and grip for improved consistency
- Removes front suspension "lag" on launch off the starting line
- Self-adjusting deflective disc valving design instantly adjusts to the shaft speed of the shock for better down track stability
- Mounts in stock location for easy direct-fit installation

BILSTEIN DRAG SHOCKS APPLICATIONS:

Make / Model	Year	Front	Rear
Chevrolet Camaro	1968-76	24-221467	24-221474 (REAR MONOLEAF)
