

BILSTEIN®

B14/B16 SERIES

The B14/B16 Series combines BILSTEIN's vast experience in motorsport technology and street performance products to bring you high quality, direct fit coilover kits. The B14 Series offers ride-height adjustability while the B16 Series adds damping adjustability:

B16 (PSS10) - includes 10 stage manual adjustment

B16 DampTronic® - for vehicles with OE electronic suspension (ex: PASM, EDC)

B16 RideControl® - stand-alone electronically adjustable suspension system
 • *iRC adds smartphone integration to B16 RideControl® (sold separately)*

Features & Benefits

- > Monotube technology for consistent, fade-free performance
- > Ride-height adjustable - 0mm to 50mm*
- > Application specific spring rates - progressive or linear*
- > Application specific tuning
- > Triple-C-Technology® coating
- > Direct fit application
- > Made in Germany
